From
The Director,
SCERT, A.P.

Sir,

Sub: - Integrating "Compassionate Citizen" Humane Education
Programme in School Curricula

The APSCERT is endorsing the use of "**Compassionate Citizen**", a Humane Education Programme proposed by **People for Ethical Treatment of Animals (PETA)**, in all schools of AP for children ages 8 to 12 years, the programme can also be used with other age groups and in language, science, social studies, environmental and value education curricula. Compassionate citizen is also perfect use in ECO clubs in schools.

The Programme consists of a teacher's guide, reproducible activity sheets, a reading unit with adaptations from true animal stories and a 28 minute video with remarkable animal footage. It is divided into four different sections that can be turned into complete lessons to generate a class room discussion about

- The amazing world of animals
- Animals and their feelings
- Changing Times, changing Minds
- Making Humane choices

The programme is designed to be included in the monthly curriculum as an extracurricular activity day; you may also choose to use it as part of one day workshop. You may down load the worksheets from www.cbseacademic.in. To know more about the programme please visit compassionatecitizen.com

Please make necessary arrangements to distribute the material supplied by PETA at free of cost uniformly in your district.

With Regards
